Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Applicant submitted that the cited reference does not disclose that the display is attached to the camera as claimed in claims 65, 70 and 74. The Examiner will reconsider the cited reference upon receipt of Applicant's response to determine whether this feature is disclosed. Applicant also submitted that the cited reference does not disclose a key adapted to be manipulated by a user of the camera and operable to rotate an angle of the image displayed on the camera. The Examiner agrees that Nihei does not disclose that feature as claimed in independent claims 65 and 70. Accordingly, the rejections relating ONLY to claims 65 and 70 and their respective dependent claims have been overcome. The Examiner will reconsider Applicant's arguments upon receipt of Applicant's official response.
